Join us at Castle Kilbride* on Saturday May, 8th from 9am to noon for a socially distanced picnic and rally.

- We are asking all white participants to sit around the border of the park to create a wall to block more vulnerable attendees from racist cat-calling and other harms.
- This is a family friendly rally - bring signs, art supplies and books to help spread the message.
- Come learn about the power of presence as our leaders teach you about bystander intervention, intersectionality and solidarity!
